

Dear Milo,

Lions, Tigers, and Bears would like to thank you for a job well done in helping us in our big outing as an organization. What a great way to celebrate each other.

First, the speech "We Gotta Fail...To Succeed!" was on the mark, giving us lots to think about in terms of not having to get everything perfect the first time in order to be making progress. If there's one thing wild animals teach us, it's that we have to be creative and adaptive, not perfectionist. The presentation was thought-provoking and entertaining.

Even more memorable, I think, will be the hours that followed as we dove into TEAMprovising. The games were a blast, with lots of laughter throughout our time together. I was impressed by the way you tied business lessons into so much of what we were doing, giving more value to the fun. The toilet paper game will always stand out as a memory of that day!

Lastly, a bonus thank you for helping us find that lovely location for the event. It was the perfect size and it was nice being right on the bay like that.

I'm also so glad you were able to come out east and see our wildlife preserve and how we make such a difference in giving these wonderful creatures the safe chance they deserve for a good life.

Best wishes and happy to be a referral if need be at 619-884-2053 or [Brinkdsign@aol.com](mailto:Brinkdsign@aol.com)!

Sincerely,

A handwritten signature in black ink, appearing to read "Bobbi Brink", written in a cursive style.

Bobbi Brink,
